

Early Journal Content on JSTOR, Free to Anyone in the World

This article is one of nearly 500,000 scholarly works digitized and made freely available to everyone in the world by JSTOR.

Known as the Early Journal Content, this set of works include research articles, news, letters, and other writings published in more than 200 of the oldest leading academic journals. The works date from the mid-seventeenth to the early twentieth centuries.

We encourage people to read and share the Early Journal Content openly and to tell others that this resource exists. People may post this content online or redistribute in any way for non-commercial purposes.

JSTOR is a digital library of academic journals, books, and primary source objects. JSTOR helps people discover, use, and build upon a wide range of content through a powerful research and teaching platform, and preserves this content for future generations. JSTOR is part of ITHAKA, a not-for-profit organization that also includes Ithaka S+R and Portico. For more information about JSTOR, please contact support@jstor.org.

PUBLISHERS' NOTES.

Having reprinted one of the exhausted numbers of Volume I, we can now supply about twelve complete sets of the REGISTER. All orders will be filled, as long as the supply lasts, in the order received. This is probably the last chance to get the complete set. Six dollars per volume, or thirty dollars for the set, express paid. Bound in full law sheep. Unbound, at five dollars per volume.

The publishers respectfully ask those subscribers who have thus far neglected to remit for the current volume (VI) to do so promptly, thus saving themselves the annoyance of "duns," as well as relieving the publishers of the unpleasant duty of "dunning."
